small group questions

How are things going for you in your walk with Jesus these days. Let's get personal and honest:

1. Are you personally investing in your relationship with Jesus by “abiding with him” and growing in your devotional life? What does this look like?
2. Is it personally a priority for you to gather with other believers — to listen to teaching around God's word, fellowship, breaking the bread and prayer? What does this look like?
3. Have you been actively sought to be discipled so that you could disciple others? Are you discipling others?
4. Are you actively looking for ways to B.L.E.S.S. people in your daily life? What does this look like?
5. Is seeing the Kingdom first your priority? Is it the priority of the family you are a part of leading?

What is the Holy Spirit prompting you personally to actively “shore up” with His gracious, patient, loving, forgiving help and guidance?
